LinkedIn : [Henil Jariwala](#), [My Portfolio](#) , GitHub: [HenilJariwala](#)

Skills

Programming Languages: Java, Python

Object-Oriented Programming (OOP): Strong knowledge of OOP principles, Data Structures & Algorithms, and System Analysis & Design, Problem Solving

Tools: MySQL (Relational Database), Azure Sprint Board.

Soft Skills: Teamwork, Planning Skills, Communication.

Education

Bachelor's, Conestoga College, Ontario, Canada

Expected August 2027

Computer Science

- Focused on OOPs concepts (C, C++ and C#), Data Structure, System Analysis (Sprint board, requirement documents), Object-oriented Design, System Testing, Operating system, UI/UX, Integration/Deployment test plans and Collaborative Projects.

High School, Metas Adventist School, Gujarat, India

June 2009 – April 2023

Major in Computer Science

- Achieved 89% in 12th grade with major in computer and maths.

Projects

Python Quiz (Python, Flask, HTML, CSS, Javascript)

[GitHub](#)

- Developed a web-based game leveraging API-generated data, integrating Python for backend processing with HTML, CSS, and JavaScript on the frontend.

Submarine (Python, Cust-tkinter)

[GitHub](#)

- Designed and implemented a SCADA/HMI interface system for a submarine, integrating seven devices for monitoring and control. Built using Python with a GUI developed using cust-Tkinter as part of a collaborative academic project.

Poker Game (C)

[GitHub](#)

- A terminal based game with basic poker functionality. It is coded in oops language C. This was also a group project in one of my courses. This helped me in enhanced collaboration and teamwork skills.

Experiences

Warehouse Associate, Amazon, St Thomas

February 2024 – Present

- Trained problem solver, efficiently resolving product related issues by locating and attaching purchase order from the virtual inventory.
- Gained hands-on experience in management operations, optimizing workflows and fostering smooth collaboration through effective communication with managers and colleagues.

Assistant, Computer Coaching, Surat

October 2022 – December 2022

- Managed class Activities, quizzes, and exams while ensuring smooth execution. Checked and corrected coding errors in student's assignments and exams.
- Streamlined administrative tasks, improving grading efficiency and classroom organization.
- Enhanced verbal communication and time management skills to create a better learning environment.

Hackathons: ConHacks, Hack the North (UW), Hack the 6ix (UoT)

Certification: [HTML & CSS](#), [Power BI](#) , [JMeter](#)
